### Carl Hentsch of 3 Dog Design Company

From the good old days of designing dresses for his niece, to wondering what was next when watching his favorite quilting shows, Carl Hentsch soon became an inspiration for the quilting world. After designing his first quilt, Super Nova - later dubbed Anemone, and landing it big with the AQS quilt show in Knoxville TN. Where this uprising star presented his first book. Shortly after writing his first book, he started his company 3 Dog Design Company in 2011. Ever since, he has been writing many inspirational and enticing patterns and books for the quilting world to explore. His motto... Making the Modern Traditional and the Traditional Modern, One Quilt at a Time!

Carl will be teaching some of his new and old designs to our students. He will start the retreat teaching A New Barn Raising, then day two he will instruct his brand new pattern using -Dream Catcher English Paper Piecing and finish the retreat with a choice of project out of "New" York Beauties & Flying Geese book!

### Sherilyn Mortensen of Sew Kind of Wonderful

In 1998 Sherilyn made her first quilt. She really had no idea what she was doing but just knew she wanted a king size scrappy quilt for her bed. She made it and used it until it wore out. She has since learned many important quilting skills that have aided in her success as a quilter. She loves sharing her passion for quilting with her sisters. She recently purchased a Gammill Classic and is enjoying this new quilting adventure.

The Quick Curve Ruler was the brain-child of Sherilyn's sister Jenny, when she wanted to find an easier way to consistently cut curves that would be easy to sew. Together with their sister Helen, they make up the Sew Kind of Wonderful Team!

Sherilyn will be teaching her family's technique using their Quick Curve Ruler! You will get ahead start on the upcoming holidays with the Pumpkin Strips, Chic Country and the Mod Ornament wall hanging all using the Quick Curve Ruler.
