1 gallon of Breyer's Natural Vanilla Ice Cream; divided into fourths

1 3oz package of EACH flavor Jell-O: lemon, lime, peach and black cherry

1 pint of sour cream; divided into thirds

Directions:

Dissolve lime Jell-O in a bowl with 1 cup boiling water. Stir until Jell-O is completely dissolved.

Add $\frac{1}{4}$ of the ice cream into the Jell-O mixture and stir until ice cream is completely melted. Pour into a large square or rectangular container.
